

To whom may concern,

It's my absolute pleasure to recommend Orla Coleman for the position that she has applied for, within your company.

Orla and I worked together in the Sogeti Ireland, with Orla reporting directly to me during her time here.

I thoroughly enjoyed my time working with Orla and came to know her as a truly valuable, asset to absolutely any team. She is very capable, a hard worker, has been involved in projects, and took control of an application development project from the start, further demonstrating her competence and the confidence I have in her. Furthermore, she could deal with peaks of pressure when delivery dates were very tight. Beyond that, she is a team player, she is always there for support, with her communication and presentation skills being excellent.

Orla is always seeking to learn and advance herself, including her interest in new technologies. She worked in my team utilising .NET Core, the Entity Framework, Angular, Azure DevOps, and many other technology tools.

Without a doubt, I cannot recommend Orla highly enough. As a dedicated and knowledgeable employee and an all-around great person, I know that she will be a beneficial addition to your organization.

Please feel free to contact me at [patrickjohndwyer@gmail.com](mailto:patrickjohndwyer@gmail.com) if you would like to discuss Orla's qualifications and experience further, with my own current position being available [here](#), through my LinkedIn profile. I would be happy to expand on my recommendation.

Best wishes,  
Patrick Dwyer
